

NAIOP at the National Level

NAIOP is a dynamic network of 57 chapters representing more than 18,000+ real estate members across the United States and Canada. For 43 years, NAIOP has represented the interests of developers, owners, investors, managers, brokers, attorneys, architects, lenders, contractors and public officials in protecting and shaping the commercial real estate industry.

NAIOP at the Chapter Level

Founded in 1989, the NAIOP San Francisco Bay Area chapter encompasses members from San Francisco, Alameda, Contra Costa, San Mateo, Marin and Sonoma Counties. Of these members, there is a strong representation of owner/developers and a wide array of service providers who cover the spectrum of real estate issues. The chapter's mission is to support the Bay Area commercial real estate industry by proactively influencing legislative policy, providing superior educational events and fostering networking opportunities.
